

PRESS RELEASE

VIGILANCE SANTÉ: JOIN US ON FACEBOOK!

Repentigny, June 7, 2019. – Vigilance Santé is proud to announce its new presence on Facebook. The company’s page was officially launched on May 8 and already has hundreds of subscribers. We are delighted to have their support!

Vigilance Santé will use its Facebook page to provide health professionals with information about the company as well as its products and services. Subscribers can view product tutorials, job offers, announcements about the company’s development and activities, and the latest news regarding the health sector.

“One of our goals is to reach out to our users and help them take full advantage of our tools. Facebook is a great way to do that,” commented Director of Client Services Luc Dumont.

Vigilance Santé will, of course, continue to add content to its LinkedIn page for the more than 900 users that follow the company on that platform.

We encourage people to like both pages. This will ensure they stay abreast of all the latest news about our products and services.
